ELIGIBILITY
To be eligible for PRIME, you must have a minimum of 30 completed UM credits, a minimum cumulative GPA of 3.0, and a minimum psychology GPA of 3.0. You must also have successfully completed (i.e., with a C or higher) PSY 110, PSY 290, PSY 291, and PSY 390 (or PSY 204 and 316). Even though previous research experience is not required, it is highly recommended.

FUTURE PLANS
Do you plan to attend graduate school for any of the following (circle all that apply)?

<table>
<thead>
<tr>
<th>Psychology or a psychology-related field</th>
<th>Neuroscience</th>
<th>Medical School</th>
<th>Dental School</th>
<th>Law School</th>
</tr>
</thead>
</table>

If yes, what graduate degree do you plan to pursue?

Master’s Ph.D. Psy.D. Other (please specify): ______________________

If yes, what area of study (e.g., Clinical Psychology, Developmental Psychology, etc.)? ________________

What are your career goals? __________________________________________
APPLICATION CHECKLIST
The following items should be submitted at one time; however, the letter of recommendation and the letter of intent can be delivered to the UASP office by the faculty member if they prefer to do so.

- Resume
- Degree Progress Report (DPR)
- Statement of purpose – Discuss your research experience to date and explain how this funded research experience would fit into your curriculum and career plans.
- Letter of intent to supervise – This should come from your intended PRIME mentor.
- Letter of recommendation – This must be from a psychology faculty member other than your intended PRIME mentor.

RESEARCH
Intended PRIME Mentor:  
Please list your previous research experience:  
What are your research interests?  

CHOOSING A MENTOR
You must choose a mentor before you apply to PRIME. Not all research faculty will offer PRIME experiences this summer. Be sure to check with your preferred faculty member as soon as possible.

FUNDING
PRIME students are awarded a stipend of $1500 and are given an additional $500 upon completion of the program. Students who receive and accept PRIME funding may not accept additional funding from any other source.

SUMMER JOBS AND CLASSES
The PRIME program requires that you spend 20 hours per week in supervised research activity. You are expected to attend weekly meetings with the PRIME Coordinators on Wednesdays from 2:00 p.m. – 5:00 p.m. You must also make arrangements to attend the welcoming luncheon (Wednesday, May 20th, from 12:30 p.m. – 2:00 p.m.) and the poster session (Friday, July 24th, from 11:00 a.m. – 2:00 p.m.). Be sure to keep these dates in mind when you plan summer jobs and classes. In order to receive your final $500 payment, you must attend all meetings, the welcoming luncheon, and the poster session.

OTHER FUNDING SOURCES
We hope to provide a comprehensive summer research experience for as many students as possible. Because PRIME funds are limited, we ask that you investigate other sources of funding within the University (several of these are listed below); this will maximize the number of students who can take advantage of the PRIME program. Students who receive funding from other sources and wish to make the most of their summer research experience can participate in PRIME as a PRIME Adjunct. This allows you to participate in all of the PRIME meetings and supplemental events. Do you plan to apply to any of the following programs?

<table>
<thead>
<tr>
<th>Award</th>
<th>YES</th>
<th>NO</th>
</tr>
</thead>
<tbody>
<tr>
<td>The Dean’s Women and Minority Research Award</td>
<td></td>
<td></td>
</tr>
<tr>
<td>The Summer Honors Research Award</td>
<td></td>
